Subject to the provisions hereafter set forth, the Architectural Control Committee shall consist of one (1) or more persons appointed by the owner and proprietors of said Subdivision, its successors and assigns, and the said owner and proprietor shall have the right to assign this power of appointment in such form as it desires, to any person or corporation which it may by an instrument in writing designate.

The Committee shall have the right to refuse to approve any such plans or specifications or grading plans which are not suitable or desirable in its opinion for aesthetic or other reasons. In so passing upon such plans, specifications and grading plans, it shall have the right to take into consideration suitability of the proposed buildings or other structure to be built, the harmony thereof with the surroundings and the effect of the building or other structure as planned on the outlook from adjacent or neighboring property.

It is understood that the purpose of this paragraph is to cause the Subdivision to develop into a beautiful, harmonious, private residence section.
